## Alberta's Municipal Hospitals Show Remarkable Records

**Nine Hospitals Now Operating Efficiently; Not One of These Is In Debt, Has Defaulted on Its Bonds, or Has Raised the Rate of Taxation.**

All reports indicate the remarkable success that has attended the operation of the Municipal Hospitals in Alberta. Since Premier-elect Greenfield started his agitation on the floor of the U.P.A. convention in 1916, the progress has been phenomenal. No province in the Dominion of Canada has a system that is comparable with that provided by the Municipal Hospitals Act in vogue in Alberta. No state in the Union has anything better.

There are nine of these Hospitals operating in Alberta at the present time. The remarkable fact is that

...none of them have ever been  
...a default on their debenture pay-  
...ments, and none of them have ever  
...found it necessary to increase their  
...rate of taxation. Following is the  
...individual record of these hospitals:  
...Mannville Hospital, with 10 beds,  
...was opened in September, 1919, and  
...has made three assessments of 3c.  
...per acre on rural lands.  
...Vermilion Hospital, with 18 beds, was  
...opened in March, 1920, and has made

Drumheller Hospital, with 42 beds, was opened in July, 1920, and has had three assessments of 3c. per acre.

Tsaw Hospital, with 13 beds, was opened in March, 1920, and has had one assessment of 3c. per acre.

Cardston Hospital, with 12 beds, was opened in March, 1920, and has had three assessments. This year's assessment has been lowered to 1c. per acre.

Basano Hospital, with 22 beds, was opened in March, 1920, and has had two assessments of 4c. per acre. This is the only hospital that has charged more than 3 cents per acre, but this is on account of the fact that its assessments are based on account of the large amount of untaxable C.P.R. land in the district and expect to be able to reduce the rate to 3c. per acre.

Onaway Hospital with 10 beds was opened in June, 1920, and has made one assessment of 3c. per acre.

High River Hospital, with 20 beds, was opened in January, 1921, and has made one assessment of 3 cents per acre.

None of these hospitals anticipate

assessment. One of the reasons that the Municipal Hospitals are so successful lies in the fact that the people are more ready to patronize them in case of sickness. The rates are moderate, \$1.00 per day to patients, the sting of the big hospital is removed entirely.

The efficiency of the service is remarkable. The Superintendent of the Calgary Hospitals says that the service at the Drummheller Hospital, for instance, is not excelled by any hospital in Alberta.

**"THE MAN WHO KNOWS"**

Professor Tangier, of India, who has been with us for the past two weeks, has been doing strange work in Red River. He is a psychologist and clairvoyant. The report we get from people who have consulted him is really astounding and uncanny sometimes. He has told everyone things they knew were true, and many things that only themselves knew. Even one of our high officials consults him in affairs of his office successfully. Professor

tel, Red Deer, till Thursday noon, August 11th. From here he is going to Sylvan Lake, where he will hold consultations at Mrs. Dingwall's for a week or ten days. He certainly is the Man Who Knows."

Professor Tangier has been all over the world, and has been consulted by the brainiest and the highest men and women everywhere, even the crown rads.

## BOY SCOUTS CAMP

The Boy Scouts arrived home from Sylvan Lake on Tuesday afternoon and marched in parade from 7:15 to 8:15 down Gaites Ave. to their headquarters, headed by the Bugle band. The boys presented a splendid butrim appearance, and paraded and played in the "R.V.A." Assistant Scoutmaster Muir is particularly proud of the band, and of the progress the boys have made under his instruction.

Among the later features of the camp were a four mile paper chase on Saturday afternoon, Mr. Gibbs heading the hare and Mr. Callender the hound; Sunday morning service conducted by Rev. W. C. Brown, who with his family are holidaying at the Sylvan Lake; and a trip round the lake in the Lady Victoria, shared by the troop. The evening campfires were also interesting occasions for story telling, etc. Prof. E. H. Gaites giving the story of the trek from Red Deer to Calgary and back during the rebellion of 1885, and despite some unsettled weather, the boys had only one meal in the tents. The splendid organization and service reflected the highest of credit on Scoutmaster Callender, Mr. Muir and their assistants, Mr. W. Gibbs and Mr. H. Wood. Mr. Gibbs' service as chef were recognized by the gift of a nice pipe. A lot of housekeeping and restoration work was done. Scoutmaster Callender and Mr. Gibbs bountifully fed 16 to 42 boys for eleven full days at a cost of \$5 each, besides treating them and giving them odd side treats. The tent prize best kept tent during the camp was won by the Beaver patrol, Halley Gaites being patrol leader, with 74 points. The Bears were second with 65. Wolves third with 61, and Foxes fourth with 60. In the indoor ball games between patrols the Otters were ahead.

Swimming tests, first class, were passed by W. Leeson, K. Carleton, L. Wolliver, N. Botterill, R. Stephenson, J. Reed, R. Hogg, H. Wiltshire, W. Hogg, and winners' badges, the next stage, will be awarded to L. Oulton, P. Payne, C. Wright, and W. George. Signalling badges, first class, to L. Seearns, R. Lord, E. Wood, H. Wiltshire, L. Taylor, and second class to L. Oulton.

The Scoutmaster wishes to return the sincere thanks of the troop to the city corporation of Red Deer, for the use of the town truck, to Mr. A. H. Moyes and other auto owners who transported the boys and the supplies to and from camp, to the parents who forwarded provisions, to Mr. Walker, Calgary, for his interest in the camp, to the Calgary Y.M.C.A. for the use of their cook-houses, to Mrs. Fletcher for the use of the camping ground.

Mr. Fleming has taken a couple of nice photos of the troop.

## LESLIEVILLE

August 3, 1921. The annual picnic of Bethel Union Church Sunday School was held last Saturday under ideal weather conditions. ## PENHOLD

August 3, 1921. Mr. and Mrs. Archie Walker, and family, have returned from a pleasant two weeks' visit at Sylvan Lake. Mr. Aubrey Wood left on Monday to join his family at Sylvan Lake.

Miss Marion Wilson, of Stewart Bros., is spending her holidays at her home in Lacombe.

Mrs. Miller, of Claresholm, is visiting her mother, Mrs. Thos. Field.

We are glad to hear that Mr. Parsons was able to return to town on Monday last after spending nine days in the Red Deer Memorial Hospital, as a result of a serious fracture of his nose and skull which happened in a game of basketball between Horn Hill and Penhold.

The baseball boys are putting on another dance on the 15th, and will have the popular jazz orchestra of Sylvan Lake in attendance. This will be the dance of the season.

We are glad to hear that Mr. Parsons was able to return to town on Monday last after spending nine days in the Red Deer Memorial Hospital, as a result of a serious fracture of his nose and skull which happened in a game of basketball between Horn Hill and Penhold.

Mrs. Gibson, Simpson, of the Merchants bank staff, left Thursday to visit friends in B.C.

Miss Katie Peat and her friend, Miss Kruger, have accepted the position of teachers of the two-room school at Blackfalds.

GOLF BEAMED IN ACTION FOR DIVORCE

Newark, N.J., July 23. The ancient and honorable game of golf is "co-responsible" in a divorce suit filed by Mrs. Rachael B. Hayward of Montclair, against Sterling F. Hayward.

In affidavits filed with Vice-Chancellor Feltner yesterday, Mrs. Hayward declared the game took so much of her husband's leisure that she scarcely ever saw him; that her lack of interest in golf caused him to be cruel to her, and that he spent money in pursuit of his hobby that he should have spent maintaining her and their two children.

Mr. Hayward's answer denies golf is responsible for marital difficulties, which he attributes to difficulties with Mrs. Hayward's relatives, and to her discovery that he was not as wealthy as she had believed.

### THE HUMAN APPEAL

Consideration of the Red Deer Municipal Hospital scheme resolves itself down to something with a human appeal that is not found in ordinary improvement by-laws. The provision of adequate hospital facilities will save human lives that otherwise would pass into eternity and leave broken homes behind. There are mothers under the sod today who would be nursing their now motherless children if the proposed hospital plan had been put into operation years ago.

The growth of the spirit of brotherhood in the time of the thing that impels men to support the Hospital scheme. "Bear ye one another's burden" is the Divine exhortation that has revolutionized our conception of our duty to our fellow man. That is the spirit that prompts men to shoulder the small additional tax that they may do their part to ease the suffering of unfortunate human beings. Wealth loses its attraction; the miser's man's loved ones are face to face with death. Happy is the man whose heart is touched with the misery of others and who grasps the opportunity to deny himself a little that he may be a real neighbor to someone who is not blessed as he is.

Startle a snake in the grass and she opens her mouth to protect her young—that is mother love even in the most despised of creatures. Startle a brood of prairie chickens; the cock bird will fly to a place of safety while the mother performs all sorts of antics to attract your attention from her young—her mother love leads her to risk her very life for the benefit of her family.

It is mother love that led the agitation for Municipal Hospitals in Alberta. The terrible toll of death among mothers and babies must be stopped. It is the human appeal that puts the soul in this hospital campaign.

### FAIR AND EQUITABLE

While the appeal of brotherhood and motherhood stills the city keenly in the determination of the electors regarding the Municipal Hospital scheme, the scheme itself is eminently fair and equitable.

Some people have an idea that someone must be getting the worst of it in every deal that is made. But it is frequently the case that the best interests of both sides are served in one transaction. The Hospital scheme is an outstanding illustration of that fact.

Originating outside of the city, the agitation went on till an arrangement was made which looked the city into the scheme. The Memorial Hospital has been doing good service for a number of years, and its services have been available to all sick people and the same rates have been charged to all. To a certain extent it has been a charitable institution and many gifts have been made to keep it in operation. These contributions have come freely from city and country, and credit is due all those who have helped in this way.

There is no possibility of disputing the fact, however, that if the city of Red Deer had not assumed heavy payments on account of the hospital that it would have been closed long ago. Since the hospital has been open, the city of Red Deer has paid the sum of \$31,935.00 in cash from taxes paid by the citizens to support the hospital; this does not take into account the large number of private contributions that have been made. And yet the city taxpayer has not been shown any preference at the institution.

The Municipal Hospital Board had to formulate a basis by which the city would merge its interests with the rest of the district and go on from the starting point without the necessity of further adjustment. Some had the idea that the city should forget about its equity in the present institution. One point of difficulty here is that the scheme involves the building of three sub-hospitals, which will have to be paid for by the whole hospital district. Now, after the city has been paying for its own hospital all these years, why should it hand this all over without any consideration and then start in to help erect hospitals at these other points?

The City, however, agreed to the arrangement whereby the City would be allowed the sum of \$10,000.00 as a matter of accounting. For this consideration, the City releases its equity, as a municipality, in the present building and hands it over to the Hospital District in fee simple. From this point, hand in hand, all parts of the Municipal Hospital District will be on an equal basis. The taxpayers of Red Deer, as well as all others, will help pay their share of the \$10,000.00 to the City of Red Deer, and will give as good service to as many patients for as many years as the Drumheller Hospital, for instance, that cost \$77,000.00 can do. The Red Deer institution will then have cost to Board, all told, the sum of \$54,000.00.

It can thus be readily seen that the immediate financial saving to the Board, made possible by using the Red Deer Memorial Hospital, will be almost sufficient to build the three sub-hospitals at \$15,000.00 each. By the proposed scheme, a big saving is effected to the entire district out of the citizens of Red Deer, without having to make any contribution in their midst, even though the tax rate for hospital purposes will be slightly higher than they are paying now. The people of Red Deer have acquired the habit of taxing themselves for hospital purposes in the past, and there is no tax that they will be more willing to pay in the future.

**A FARMER VICTORY.**  
The Sentinel, Toronto.

The farmers will govern Alberta for the next legislative term. They overhauled the Stewart (Liberal) government on the 25th of last month, and administered only 14 seats out of 61. This development of class consciousness on the part of the farmers of Canada has upset the calculations of politicians in the western provinces. Particularly it was a shock to the Liberal leaders to find the Agrarians opposing the Liberal party. The Globe newspaper has written the fact that the Farmers' movement should be defeated by the Farmers, although it glooms more or less about the future of the Farmers' movement.

The movement for political control by the farmers has gained such momentum that considerations of friendship for other groups of politicians have been dropped, and the rank and file, and they have taken the bit in their teeth and run away with their leaders.

It was not the desire of Mr. Cresser and his colleagues that the farmers of Alberta should oust the Stewart government, but the movement got entirely beyond their control. The result is a party elected to government, a great province that has no recognized leader. It is interesting to speculate as to what the future of the province will get from men who are so inexperienced in that kind of work. It may seem to the average farmer that experience in government is not a requisite for such responsibilities. Those who have had a little to do with state hold an entirely different opinion of great complexity. It is the biggest business to be transacted in the conduct of the government of a province. To be elected to a position of leadership by men who have been trained in that particular field. There will always be the danger of a government composed of one class being obsessed with the idea that the interests of that class must prevail over all other classes. The experiment in Alberta will be watched with interest far beyond the boundaries of Canada, for in these days no country can live to itself. Financing is an international operation, and the farmers of Alberta are important part of the functions of a government. The farmers of Alberta have at least shown their impartial opposition to Liberals and Conservatives alike.

**DON'T QUIT**  
In the street of life, walking in the darkness of the shadow, hungry old Satan was out hunting with his dogs, the little lumps of human weakness.

A man came walking down life's street. Satan said to a little imp with a bitter face: "Go get him for me."

Quickly the imp crossed the street, lightly and lightly, and lightly, the man's shoulder. In his ear he whispered, "You are discouraged."

"No," said the man, "I am not discouraged."

"You are discouraged."

"The man replied this time: 'I do not think I am.'"

Louder and more decidedly the little imp said: "I tell you, you are discouraged."

The man dropped his head and replied, "Well, suppose I am?"

The imp, hopping back to Satan, said proudly: "I've got him; he is discouraged."

### IT'S A DISGRACE TO HAVE DANDRUFF

Nobody is really clean when they have a crop of dandruff. Just because you take a bath every day and are sure your body is clean is no excuse, if you have dandruff you are overlooking a very important part of your anatomy. Dandruff will eventually kill your hair. It allowed dandruff there is no doubt on this point whatever. Aside from the embarrassment it causes both you and your friends, it is positively unclean and unhealthy.

"Juss" (Harrison's special hair tonic and dandruff eradicant) will correct this condition in a hurry, it eradicates dandruff by destroying the dandruff germ, thereby allowing the hair to develop in a healthy manner, hair will stop falling out and a new growth will be promoted, provided there is life still left in the roots.

"Juss" is no "pot" like the two druggists eleven years of laboratory and analytical tests to perfect the formula. It is as different to all other hair tonics as day is to night because "Juss" really does kill dandruff and improve the hair wonderfully and while all other hair tonics are advertised to do these things, how many can you call to mind that really do them? Get your bottle today: you'll kick yourself after for not having tried it months ago.

All Red Deer druggists sell and guarantee "Juss" and they are authorized by us to return the purchase price on every bottle that fails to live up to the reputation we give it: just return the empty bottle. \$2.00 a bottle (a month's treatment)—Worth a lot more.

### BENALTO

Benalto has again settled down to business after the agricultural fair and stamperede held here, taking in Tuesday and Wednesday. The weather was most favorable during the fair, the exhibits were splendid and the entertainment, by way of horse races, steer riding and bronco riding was unsurpassed by any of the previous fairs, and, in fact, compared very favorably with many of the larger city stamperedes. Mr. G. G. Jenkins kindly provided all the steers that were required for the riding contests.

"It can't keep throwing off sparks of affection without dwindling a little."

**DON'T QUIT**  
In the street of life, walking in the darkness of the shadow, hungry old Satan was out hunting with his dogs, the little lumps of human weakness.

A man came walking down life's street. Satan said to a little imp with a bitter face: "Go get him for me."

Quickly the imp crossed the street, lightly and lightly, and lightly, the man's shoulder. In his ear he whispered, "You are discouraged."

"No," said the man, "I am not discouraged."

"You are discouraged."

"The man replied this time: 'I do not think I am.'"

Louder and more decidedly the little imp said: "I tell you, you are discouraged."

The man dropped his head and replied, "Well, suppose I am?"

The imp, hopping back to Satan, said proudly: "I've got him; he is discouraged."

### NORDEGG

Fishermen report fine catches of trout in the Buckstone and Norddegg rivers.

The coal mines are working steadily again, and prospects good for a good winter.

A real oil boom seems to be looming up as a large party has come in from the north and is staking all the anticline from Saunders north toward Coalbrook on the Grand Trunk Branch.

They are said to be in the employ of the Imperial Oil Co., and are hoping for cheap oil and gas some as this region has been regarded as favorable for oil for years by the most prominent geologists.

A story of Lincoln's early political life is told in John Wesley Hill's new book, "Abraham Lincoln, Man of God" (Putnam). It seems that in 1846, during a canvass for congress, Lincoln attended a preaching service of Peter Cartwright.

Cartwright called on all desiring to go to heaven to stand up. All rose but Lincoln. Then he asked all to rise who did not want to go to hell. Lincoln remained still.

"I am surprised," said Cartwright, "to see Abe Lincoln sitting back there unmoved by these appeals. If Mr. Lincoln does not want to go to heaven and does not want to escape hell, perhaps he will tell us where he does want to go."

Lincoln stood up and replied, "I am going to congress."

### ROCKY MOUNT'N HOUSE

The body of the late G. M. Bradley was found on Friday evening at Lamorel about 30 miles west of here. Mr. Bradley was drowned in the Saskatchewan on July 25, 1921.

A party from the Rocky Mountain House Lodge, No. 120, I.O.O.F., was notified that the body was seen in the river, and they immediately went to Lamorel on a speeder, returning about midnight with the body, which they found lodged against a small island.

Coroner Dr. George, of Red Deer, was out on Saturday, and after having the body identified and examined, did not deem an inquest necessary. The local lodge, I.O.O.F., took charge of the body, and as the late Mr. Bradley was a member of the Order, they conducted the burial service, etc.

Mr. J. A. Edwards, of the C.P.R. staff at Coronation, who has been visiting with his brother, returns to his duties on Tuesday, August 9.

Mr. and Mrs. McKimney, of Red Deer, were visitors in our burg over the week end.

The funeral of the late G. M. Bradley of the Pioneer District, Rocky Mountain House branch, took place on Sunday, August 7th, under auspices of Rocky Mountain House Lodge, No. 120, I.O.O.F. It was one of the largest funerals ever held at Rocky Mountain House. The cortege left I.O.O.F. hall at 3 p.m. The casket was covered with a large Union Jack by the local G.W.A., of which the late Mr. Bradley was a member, having had four years overseas, upon which was placed the floral offering of the G.W.A. brothers of the local lodge marched slowly to the cemetery, wearing their badges in mourning. The pall bearers were following in line. Then the remains, followed by the mourners, and thirty other cars full of people with people who were anxious to show their sympathies with the widow and their respect for their late fellow citizen. The wreaths bore the following cards: Pyramid from the Grand Lodge I.O.O.F.; three links local I.O.O.F.; wreath and Union Jack, Sir Christopher Craddock Chapter, I.O.O.F.; Red Deer; Mrs. Waugh, apray; Mrs. J. # MID-SUMMER HALF-HOLIDAYS

Following our established policy of suspending business during the summer months on Wednesday at noon in each week in which there is not a Dominion or other holiday, we announce the half-holiday period for this year beginning the 4th of May.

We accept Victory Bonds in exchange for merchandise, and if it is not desirable to select full amount at time of transfer, we will issue coupons, good until used, for the balance.

# Final Wind-Up of Our August Clean-Up Sale

The lines being cleared cannot be replaced at the prices quoted, and to those who are interested in this particular merchandise, we advise securing your requirements, for we believe such attractive prices cannot be duplicated this season. The stock is neither out of style or shopworn, but first-class in every respect, with our usual guarantee attached to every sale.

A good story will sometimes stand repeating. Many of the items quoted were in quantities advertised last week, and are not all sold. Other lines have been cleared out and have made room for still other goods which have been added for this week's selling.
